PROFILE

My goal is to complete an internship (LIA) to acquire more practical experience within IT and Cybersecurity. Period: 2026-08-24 – 2026-10-09. I am open to the possibility of a successful internship leading to employment after my studies.

I am often described as a responsible, professional, and positive colleague who is driven by going the extra mile.

WORK EXPERIENCE

Surveyor / Small scale business owner

Hållbro Mätkonsult AB | Founder & Co-owner | 2021 – Present

Founder and co-owner of a small consultancy firm within the construction industry. I work as part of the client's project management team, with responsibility for quality, documentation, and data for financial and technical decisions.

Working as a surveyor involves daily collaboration with many different professional groups, which requires strong communication skills to convey vital information in various ways.

Surveyor / Consultant

GeoDeal AB, 2019-2021

As a consultant, I learned to work more actively with networking and relationships to create opportunities for both myself and my colleagues.

The positive office atmosphere and company culture have been a source of inspiration for how I can act to promote a good and pleasant working environment.
